

There was a time when choosing a quality bass guitar was easy but paying for it left most of us settling for second best. Well now there is a bass guitar that affords you your choice again without all the sacrifice. The Cimar Standard Bass. Constructed of Mahogany bodies furnished with specially wound pickups, full 34" scale maple necks with Rosewood fingerboard and precision tuning machines positioned 4-in-a-line, Cimar Standard basses profile a quality instrument second to none. The Cosmic Blue and Red Gloss finishes assure your choice is not lost in the crowd. Cimar Standard Bass Guitars make it easy.

CIMAR ELECTRIC BASS SERIES

Cimar

Remember the sayings: "Back to basics", "Practice makes perfect", well these traditional philosophies are the idea behind the Cimar Electric Guitar. Simplicity at it's finest, getting back to a basic guitar without all the special electronic circuitry and fancy flashing lights, just pure and simple electric guitar. The well balanced Mahogany bodies equipped with single coil or humbucking pickups let you decide the sound. Maple 25 $\frac{1}{2}$ " scale necks respond to your touch, and synchronized tremolo bridges cut the sweet edge. Simply said; "Cimar guitars let you create the music".
