

A man with extensive tattoos on his arms and chest is shown in a dynamic pose, playing a black ESP electric guitar and singing with his mouth wide open. He is wearing a black beanie and a black vest over a black t-shirt. The background is a textured, rust-colored wall. The ESP logo is prominently displayed in the upper right corner.

EXHIBITION LIMITED

The 2016 Exhibition Limited project consists of approximately 80 unique custom guitars & basses, each one both a work of art and a high performance instrument. Incorporating the world's finest materials, intricate inlays, hand carving and custom finishes, each model is hand crafted by master luthiers at the ESP Custom Shop in Tokyo. While custom shop designs are usually specified by the people who order them, these special exhibition models have been designed by the master luthiers themselves.

SEE MORE AT ESPGUITARS.COM

As ESP's highest-quality series of production guitars and basses, ESP Original Series offers a level of detail that borders on the obsessive, and is designed for serious musicians who accept zero compromise in the finest woods, components, and aesthetics.
