DAVE MURRAY STRATOCASTER®

806 (Black)

Guitarist Dave Murray of seminal U.K. metal heroes Iron Maiden has been banging his head with Fender® since the mid ‘70s. Murray recently joined forces with Fender® to create a signature model based on his own ‘57 Stratocaster®, previously owned by late, great Free guitarist Paul Kossoff. The Dave Murray Stratocaster® guitar boasts a supercharged HSH configuration, DiMarzio® PAF® 36th Anniversary DP103 neck pickup, a DiMarzio® Super Distortion® DP100 bridge pickup and a Fender® vintage-style middle pickup. Other features include a lacquer finish, and a flatter soft V-shaped neck with satin back. Vintage tweed hardshell case included.

VINTAGE HOT ROD '52 TELE®

806 (Black)

Classic looks matched with modern playability and tone! We have married the best of the old and new to create a fantastic guitar built for the serious player! Great classic features like vintage styling and a thinskin nitrocellulose lacquer finish couple with a Seymour Duncan® mini humbucking neck pickup and a single-coil bridge pickup for a slightly darker sound. A satin-backed neck complete with a flatter radius and medium jumbo frets complete the package.

● AMERICAN VINTAGE '57 STRATOCASTER® REISSUE

857 (Surf Green)

One of the most popular instruments in history, our Fender® Stratocaster® guitar is certainly the most imitated electric guitar ever. 1957 was a landmark year for the instrument, evolving from its early incarnations into an archetype – and the high point of the era of the maple neck Strat® guitar. Original detailing includes an alder body (except ash on White Blonde), our unique '57/'62 pickups, three-way switching (five-way switch kit included), beveled pickup magnets, ashtray bridge cover, and single-ply pickguard.

Part #	Description	MSRP
010-0102-803	American Vintage 57 Stratocaster Reissue, Maple Fretboard, 2-Color Sunburst	\$2,199.99

● AMERICAN VINTAGE '52 TELECASTER® REISSUE

850 (Butterscotch Blonde)

As one of the longest-running production models in history, the strength of the Tele® guitar lies in its inherent simplicity. It's been modified only slightly since its inception. The '52 integrates a premium ash body with a one-piece "U"-shape maple neck and a 7.25" radius fingerboard. It features two American Vintage Tele® single-coil pickups, the original Tele® circuit with its three-position switch, brass bridge saddles, an ashtray cover (vintage six-saddle bridge and modern wiring kit included as an accessory), a single-ply black pickguard, master volume and master tone, and chrome hardware.

● AMERICAN VINTAGE '62 CUSTOM TELECASTER®

806 (Black)

Originally introduced for cosmetic reasons as maple was prone to showing wear, rosewood became a popular feature that also added warmth to the classic Tele® tone. The double-bound alder body and multi-ply pickguard dress-up the '62, distinguishing it from its Butterscotch predecessor. In the spirit of the original, our '62 Custom Telecaster® guitar comes equipped with a "C"-shape maple neck, a 7.25" radius rosewood fingerboard, two '62 Custom Tele® single-coil pickups, a vintage Tele® bridge with threaded steel saddles, and features the original Tele® circuit with its three-position switch.

● AMERICAN VINTAGE '62 JAGUAR®

800 (3-Color Sunburst)

Offspring of the Jazzmaster®, the Jaguar® pairs brighter pickups with an alder body and a mellow, short 24" scale length. A trio of sliding pickup selector switches, rotary volume wheels on the upper bout, and chrome hardware and tremolo lock, are distinctive Jaguar® traits. The wacky and removable Fender® Mute is a built-in string-damping device created with surf bands in mind.

AMERICAN STANDARD STRATOCASTER®

705 (Olympic White)

Icon. Not a word to be used lightly. But the Stratocaster® is just that. The new American Standard Stratocaster® guitars are beauties to behold in sound, look and feel. We kept the hand-rolled fingerboard edges, Alnico V pickups and staggered tuning machines for playability, tone and stability, and added several new features, including: A new bridge with improved bent-steel saddles and a copper-infused high-mass block for increased resonance and sustain. A new neck treatment tinted for a richer presentation, with the maple or rosewood fingerboard buffed to a high gloss. The back of the neck still has that silky satin finish. A thinner finish undercoat that lets the body breathe and improves resonance. Also includes a new Fender® exclusive SKB® molded case.

AMERICAN STANDARD STRATOCASTER® HSS

706 (Black)

Among the new American Standard Stratocaster® guitars, the HSS model is definitely the hot rod of the bunch, with more output and warmth from its Tex Mex™ single-coil pickups and Diamondback™ humbucking pickup. The S-1™ switch is removed to keep it simple, but don't worry... We kept key features such as the hand-rolled fingerboard edges and staggered tuning machines, and we added several new features, including: A new bridge with improved bent-steel saddles and a copper-infused high-mass block for increased resonance and sustain. A new neck treatment tinted for a richer presentation, with the maple or rosewood fingerboard buffed to a high gloss. The back of the neck still has that silky satin finish. ● AMERICAN STANDARD TELECASTER® LEFT HANDED

755 (Blizzard Pearl)

The look, sound and vibe of the Telecaster® resonate throughout the history and soundscapes of popular music. From orchestra pits to mosh pits; small clubs to stadiums and garages to recording studios, its signature sound is everywhere. The new left-handed American Standard Telecaster® still has the hand-rolled fingerboard edges, Alnico V pickups and staggered tuning machines for playability, tone and stability, and now includes great new features including: A new bridge with improved bent-steel saddles mounted to a stamped-brass bridge plate for increased resonance and sustain. A new neck treatment tinted for a richer presentation, with the maple fingerboard buffed to a high gloss. The back of the neck still has that silky, comfortable satin finish. A thinner finish undercoat that lets the body breathe and improves resonance. Also includes a new Fender® exclusive SKB® molded case.

MAKE HISTORY™

**FOR THE
PEOPLE**

KEY FEATURES OF THE AMERICAN SPECIAL SERIES

- Our best-selling pickup set for over 10 years, warm and fat Fender® Texas Special™ single-coil pickups deliver singing sparkle and full-blooded scream, with vintage tone and mojo to spare.
- 22 jumbo frets let you bend strings higher and smoother, and with less effort.
- Made in the U.S.A. with a Limited Lifetime Warranty.

Large '70s Stratocaster® Headstock: For increased mass and sustain.

Texas Special™ Pickups: Fender's best-selling set of pickups for over a decade; used by many high-profile artists due to their fat, overwound sound.

Satin Neck Back: For smooth, effortless sliding up and down the neck—no “catching” or “sticking.”
22 Frets: Extra fret allows last note to be bent one full step to complete the second octave on the fretboard. Jumbo frets and a 9.5” fretboard radius for comfort and ease of playing.

Gloss Urethane Finish: Beautiful and durable, it allows superior flexion and resonance, allowing the wood to vibrate for improved tone.

High-Mass Bridge Saddles: The vintage-correct “brass bar” bridge saddles provide that sought-after, iconic tone full of the ringing output and snap that makes the Telecaster® famous.

Atomic™ Bridge Pickup: The addition of the roaring humbucking bridge pickup to the Strat® HSS gives you the best of both worlds—the output and crunch of a humbucking pickup *and* the sparkle of our Texas Special™ single-coil pickups in the middle and neck positions. “Maximum versatility” says it all.

ROAD WORN™ '60S STRATOCASTER®

305 (Olympic White)

The Stratocaster® really came into its own in the 1960s, with players coaxing unbelievable sounds from it amid punishing stage shows and grueling tours. Beaten, bruised and even burned, they only got better as the years wore on- looking even cooler and feeling even more comfortable. Fender's new rosewood-fretboard Road Worn™ '60s Strat® delivers that aged look and feel...built to look, sound and feel like it's got more than just a few miles on it, designed with 1960s specs, including a nitrocellulose-lacquer finish, and supercharged with Tex-Mex™ pickups and 6105 frets.

Part #	Description	MSRP
013-1010-300	Road Worn 60's Stratocaster, Rosewood Fretboard, 3 Tone Sunburst	\$1,199.99

ROAD WORN™ '50S STRATOCASTER®

303 (2-Tone Sunburst)

Few things in this world have gotten cooler with age than the Stratocaster®. Born in the '50s, they became even cooler after years of use (and abuse) on the road...morphing over time to look appealingly battered and feel even better than when they were brand-new. Fender's new maple-fretboard Road Worn™ '50s Strat® delivers that aged look and feel...built to look, sound and feel like it's got more than just a few miles on it, designed with 1950s specs, including a nitrocellulose-lacquer finish, and supercharged with Tex-Mex™ pickups and 6105 frets.

ROAD WORN™ '50S TELECASTER®

307 (Blonde)

The first Fender® workhorse; the original road warrior guitar. Fender's long road begins with the Telecaster®, a guitar that amazingly looked even cooler and handled even better the more players heaped wear-and-tear on it...great when brand-new but positively phenomenal with a few thousand miles on it. Fender's new maple-fretboard Road Worn™ '50s Tele® delivers that aged look and feel...built to look, sound and feel like it has survived half a century, designed with 1950s specs, including a nitrocellulose-lacquer finish, and supercharged with Tex-Mex™ pickups and 6105 frets.

CLASSIC SERIES '60S STRATOCASTER®

302 (Lake Placid Blue)

In a time when musicians were altering, incinerating and evoking sounds never experienced or imagined by the folks at the Fender® factory, rock came into its own and the Strat® guitar became a symbol of the counter-culture. An alder body, rosewood fingerboard, multi-ply pickguard and vintage hardware capture another chapter in Fender® history.

CLASSIC SERIES '50S TELECASTER®

303 (Two-Color Sunburst)

Few guitars shaped more styles of music in the '50s and '60s than the Telecaster® guitar. From James Burton to the Beatles, the Telecaster® was at the heart of popular music. And we still make them like we used to, with two single-coil Alnico pickups, vintage bridges, and knurled chrome knobs. The '50s Telecaster® features an ash body, a maple neck and fingerboard, and a single-ply white pickguard.

Part #	Description	MSRP

● CLASSIC SERIES '72 TELECASTER® THINLINE

321 (Natural)

1972 was a magical year for the Telecaster® guitar. With several new designs, the Telecaster® guitar was available with more options than ever before. Each of these guitars are being made like we used to, with alder and ash bodies, “C”-shape maple necks, bullet truss rods, '70s vintage hard-tail strings-thru Strat® bridges and three-bolt neckplates. The Thinline also sports dual humbucking pickups, but what sets it apart is its semi-hollow ash body, which has a warmer and rounder sound.

CLASSIC SERIES '65 MUSTANG®

504 (Daphne Blue)

We're proud to reissue the '65 Mustang®, (which was the first full year of Mustang® production). The Mustang® was originally one of our 'student models' but was destined for the big time; seen slung over the shoulders of icons like David Byrne, John Frusciante, Kurt Cobain, Todd Rundgren and Adrian Belew to name just a few! This reissue's got great color and cosmetic options, as well as a heightened level of period-correct detailing (body wood, logos, etc.).

STEVE BAILEY JAZZ BASS® VI (SIX STRING) FRETLESS

800 (3-Color Sunburst)

When you play this bass you're in good company with Steve Bailey himself, a player's player and instructional author with a diverse and stellar list of performing and recording credits that includes Dizzy Gillespie, the Rippingtons and Jethro Tull. The Fender® Steve Bailey Jazz Bass VI® is a phenomenal vehicle for self-expression that offers you the opportunity to explore a virtually limitless tonal palette in the quest to define your own voice on the instrument. From silky singing cello like tones to the thundering bottom end that only a beautifully executed low "B" string can produce, this instrument is the finest example of the marriage of art and engineering. Features include a select alder body, a quartersawn maple neck with an asymmetrical profile, a 9.5" to 14" compound-radius two-octave ebony fingerboard, custom Fender® pickups, 18-volt active electronics, an onboard mute switch, onboard active EQ, a heavy duty fully adjustable Fender® locking bridge and Bailey's initials on the back of the headstock. DUFF MCKAGAN P BASS®

323 (Pearl White)

Designed for the man who has earned his place in rock history by holding down the low end for bands such as Guns N' Roses and Velvet Revolver, our Duff McKagan Signature Bass is rock and roll. Based on the instrument he has used ever since the first GNR album, the Duff McKagan Signature model is a distinctive, sleek and full-sounding reissue of the '80s-era Jazz Bass® Special, which combined a Precision Bass® body with a Jazz Bass® neck and a set of Precision® and Jazz Bass® pickups. That's all here, with a Pearl White finish, gloss black neck and headstock, TBX™ circuit (treble/bass cut), black hardware and custom skull-engraved neck plate. There is no other Fender® bass in the line right now with this look, feel or sound. Deluxe gig bag included.

MARCUS MILLER JAZZ BASS®

300 (3-Color Sunburst)

Marcus Miller's combination of soulful groove and astounding technical ability has made him one of the jazz world's preeminent virtuoso bassists. Fender's® stylish Marcus Miller Jazz Bass® guitar is soulful and astounding, too. It has an ash body, distinctive black pickguard/control plate and one piece "C"-shaped maple neck with a 7.25"-radius maple fingerboard featuring white binding, white pearl block inlays and a satin finish (gloss finish on the headstock, plus Miller's signature). Tonal magic comes from a pair of vintage-style Jazz Bass® single coil pickups; the two band active EQ has an active/passive mini-toggle switch. Other features include a chrome neck pickup cover, knurled chrome dome knobs on the volume controls and black Jazz Bass® knobs on the tone controls, a Badass® Bass II™ bridge and a three-bolt neck plate. MARCUS MILLER JAZZ BASS® V (FIVE STRING)

841 (Vintage White)

Marcus Miller's combination of soulful groove and astounding technical ability has made him one of the jazz world's preeminent virtuoso bassists. Fender's® stylish five-string Marcus Miller Jazz Bass® V guitar is soulful and astounding, too. It has an ash body, distinctive black pickguard/control plate, and one-piece "C"-shaped maple neck with a 7.25"-radius maple fingerboard featuring white binding, white pearl block inlays, Posiflex™ graphite neck support rods, and a satin finish (gloss finish on the headstock, plus Miller's signature). Tonal magic comes from a pair of custom vintage-style Jazz Bass® single-coil pickups and an 18-volt active preamp; the two-band active EQ has an active/passive mini-toggle switch. Other features include a chrome neck pickup cover, knurled chrome dome knobs on the volume controls and black Jazz Bass® knobs on the tone controls, contoured heel and asymmetrical five-bolt neck plate. Deluxe hardshell case included.

● VICTOR BAILEY JAZZ BASS®

821 (Natural)

821

The beautifully crafted Victor Bailey Jazz Bass® guitar incorporates the finest in design and electronics as specified by Bailey himself. The sleek, exotic-looking body has koa and rosewood over mahogany; the maple neck has a rosewood fingerboard with Posiflex™ graphite neck support rods, abalone dot inlays, rolled fingerboard edges and highly detailed nut and fret work. Special Design Noiseless™ pickups add warmth and low end, complementing the hardwood body's natural clarity and brightness and producing an extremely dynamic tonal range. The circuitry has been tweaked at the input stage (pre-shape, boost and EQ settings) to enhance the unique sonic nature of the woods. Bass EQ is centered at 40Hz at +/- 12dB with a 4dB per-octave slope; treble is centered at 8 kHz at +/- 10dB with a 2dB per-octave slope (treble cut serves more as a passive control for warm organic tones); mid-control is centered at 500Hz and +10dB and -15dB with a wide-band slope creating a distinctive voice. For maximum headroom, the circuit has an 18-volt power supply. Other features include gold-plated hardware, Fender®/Schaller® Deluxe lightweight tuning machines, and a Bailey caricature graphic on the headstock. Deluxe hardshell case included.

50TH ANNIVERSARY JAZZ BASS® LIMITED EDITION

NEW!

809 (Candy Apple Red)

809

The Fender® Jazz Bass® guitar was first delivered to the world in 1960. If the Precision® was a muscle car, the new Jazz bass was a sports car. Although remarkably unchanged since its introduction half a century ago, the Jazz Bass did see a very gradual succession of subtle design refinements over the course of the past five decades. Accordingly, our 50th anniversary Jazz Bass is a truly distinctive instrument in that it boasts design touches from several periods in Jazz Bass history. Chrome bridge and pickup covers are mounted to the bass. Deluxe hardshell case included.

ROAD WORN™ '50S PRECISION BASS®

303 (2-Color Sunburst)

The original was born in the '50s and produced "THE" sound of bass. On the road, the more you punished a Precision®, the more it gave back. A virtually indestructible bass that took a beating and laughed while it asked for more, becoming even cooler looking and more comfortable-feeling than when it was brand-new. Fender's® Road Worn™ '50s Precision Bass guitar delivers that aged look and feel. Designed with '50s specs, including a nitrocellulose-lacquer finish, and built to look, sound and feel like it's got more than just a few miles on it. Includes deluxe gig bag.

ROAD WORN™ '60S JAZZ BASS®

340 (Fiesta Red)

A veritable racecar of a bass, the Jazz Bass® was born in the '60s and became the favorite of players who put as many miles on the instrument as they did on their tour buses. The more it was used (and abused), the more it growled back and became even more comfortable. Fender's Road Worn™ '60s Jazz Bass® guitar delivers that aged look and feel. Designed with '60s specs, including a nitrocellulose-lacquer finish, and built to look, sound and feel like it's got more than just a few miles on it. Includes deluxe gig bag.

'60s Jazz Bass®

305 (Olympic White)

Our '60s Jazz Bass® captures the essence of the decade; an instrument as tuneful and groundbreaking as the decade it debuted in. Many of the period-correct details that made the original Jazz® basses so cool are spot-on replicated in this classic vintage-vibe beauty...especially the original offset waist, ultra-slim neck and pair of vintage-style alnico magnet Jazz Bass® single-coil pickups. Whether it's early '60s Motown, British invasion and American garage, or later '60s heavy rock and soul, this bass embodies a fantastic era in music. Includes deluxe gig bag.

'70s Jazz Bass®

300 (3-Color Sunburst)

Our '70s Jazz Bass® captures the essence of the decade, defined by striking cosmetics and a bright, full sound. The '70s saw the repositioning of the bridge pickup closer to the bridge, creating a brighter tone that cuts through mixes. The biggest cosmetic upgrade came in the form of gorgeous block inlays and neck binding, which are highly sought after by many bassists. The bullet truss rod completes the look. Seventies-era Jazz Bass® guitars are widely regarded as the basses built for funk. The offset waist, ultra-slim neck and vintage-style alnico magnet Jazz Bass® single-coil pickups all make this bass very comfortable and familiar. Includes deluxe gig bag.

MUSTANG® BASS

540 (Fiesta Red)

Fender's popular Mustang® Bass guitar was introduced in 1966 as a cool short scale alternative to its illustrious long scale big brothers. This thoroughbred reissue captures the original instrument's feisty mid-60s vibe, and is perfect for players who dig a shorter scale (30") or who have smaller hands. Guitar players and younger musicians will find it especially comfortable to play! Details include a solid alder body, split single-coil pickup and a maple neck with a rosewood fingerboard, dot inlays and nickel/silver frets.

● CLASSIC VIBE STRATOCASTER® '50S

502 (Lake Placid Blue)

The Classic Vibe Stratocaster® '50s provides unmistakable '50s-era Fender® vibe and tone. The alder body has a Two-Color Sunburst, Lake Placid Blue or Olympic White finish. The vintage-tint gloss-maple neck (Two-Color Sunburst and Olympic White models only) has a maple fingerboard with 21 medium-jumbo frets and a modern 9.5" radius. That long-familiar tone comes from a custom set of alnico III single-coil pickups, clear and bright, with terrific sustain even in crunch mode. Custom staggered polepieces provide improved string-to-string balance.

● **DERYCK WHIBLEY TELECASTER®**

505 (Olympic White)

Squier's uber-cool artist signature model is the Artist Series Deryck Whibley Telecaster® guitar. Whibley, as all the cool punk-pop kids know, is the leader of Juno-winning Canadian punk-pop trio Sum 41. His signature model nails the vibe of a classic '70s Fender® Telecaster Deluxe model, with features including Whibley's signature red X graphics, a single ferocious Duncan Designed™ humbucking pickup and retro-cool "Blackface™" amp control knobs.

● **J5 TELECASTER®**

506 (Black)

John 5 is a self-described "Fender® fanatic" with a jaw-dropping collection of his favorite instrument, the Telecaster® ("the greatest guitars ever built, by far," in his words). His Squier® signature model, the J5 Telecaster®, is a double-bound beauty based on his oft-modded workhorse Telecaster®, which was pieced together at the Fender® Custom Shop. Features include John 5's distinctive black-and-chrome look, a double-bound alder body with a gloss black polyester finish, a polished stainless steel pickguard and chrome hardware. The one-piece maple neck has a modern "C" shape, a matching black Telecaster® headstock and a 12"-radius rosewood fingerboard with 22 medium jumbo frets. The custom-designed humbucking pickups use a special dual-volume setup with the bridge pickup control in the front position and the neck pickup control in the back position (5 prefers this setup because he spends much time giving the bridge pickup a workout). Rapid toggling the upper-bout three-way pickup switch gives you 5's signature "kill" effect by turning off the neck pickup volume and leaving the bridge control full up.

CLASSIC VIBE PRECISION BASS® '60S

572 (Sonic Blue)

572

The Classic Vibe Precision Bass® '60s delivers the true Precision Bass experience. Huge tone roars from its traditional split-single-coil pickup. The contoured basswood body, finished in Sonic Blue, is familiar and comfortable, and the vintage-tint gloss-maple neck has 20 vintage-style frets and a modern 9.5" radius.

CLASSIC VIBE PRECISION BASS® '50S

502 (Lake Placid Blue)

502

Squier's Classic Vibe Precision Bass® '50s delivers an authentic '50s-era bass experience in sound, look and feel. The basswood body has an eye-catching Lake Placid Blue finish, and its custom "original" single-coil pickup delivers warm, earthy old-school Precision Bass tone. The gloss-maple neck has wider (1.65") string spacing, a 20-fret fingerboard with a modern 9.5" radius and open-gear tuning machines. The four-saddle "HiMass" bridge makes the instrument easily user-friendly for setup and playability.

CLASSIC VIBE JAZZ BASS® '60S

505 (Olympic White)

505

Squier's Classic Vibe Jazz Bass® '60s has all of the "deluxe" elements its Fender® big brother had when it was introduced in the 1960s--a groovy offset waist, a narrow fast-action maple neck with a rosewood fingerboard, two custom single-coil pickups, individual volume controls that let players "solo" either pickup or blend them, and a master tone control for overall sound shaping. The look is pure Fender--a classic Olympic White finish on a basswood body with a tortoise shell pickguard, thumb rest and "HiMass" bridge with brass barrel saddles. The vintage-tint gloss-maple neck has a rosewood fingerboard with 20 vintage-style frets and a modern 9.5" radius. Tonal versatility and clarity with a quick, punchy up-front sound.

Fender® brings you the authentic sound of the Hawaiian Islands with its first-ever series of ukulele models. Ukuleles are enjoying renewed popularity, with exquisite sounds and designs that are a far cry from mere musical toys. Originally built by Portuguese immigrants to the Hawaiian Islands in the 1880s, the small guitar-like instruments produced a lilting sound that instantly evoked the lush South Pacific atmosphere of their island homeland. Fender's® three new tenor-style ukulele models offer finely crafted sound and construction; they too instantly evoke the sound and spirit of Hawaii, with a dash of traditional Fender® mojo for good measure. Each one features the distinctive Fender® Telecaster® guitar headstock shape, unique body shapes and bracing patterns designed exclusively for Fender®, a Fender® ukulele gig bag and an instruction book to get you started. Mahalo! This one is the Fender® Ukulele Pa'ina, a top-line model gets its name from the Hawaiian word for "party". It's made of solid mahogany, with a satin finish and passive electronics that let you plug it in and turn it up at the next luau.

VIBRO-KING® CUSTOM

The venerable Vibro-King® amp has appeared on countless stages worldwide! This all-tube, completely hand-wired combo amp with birch ply cabinet is covered in black with the appealing "1964 Transitional" Blackface™/White knob look. We've added a pair of powerful 6L6 Groove Tubes® for rich, full tone. The 60 watt Vibro-King® Custom has unparalleled sensitivity to pick dynamics and guitar knob settings, and its crystal-clean tones, sparkling reverb and commanding overdriven tones are downright inspiring. Other premium features include: '63 Fender Reverb® with dwell, mix and tone controls; three 10" Jensen® P10R speakers with alnico magnets; 6V6 reverb driver tube; five 12AX7 preamp tubes; heavy-duty textured black vinyl covering with silver grille cloth and nickel hardware; FX loop; and a two-button FAT boost/vibrato footswitch.

'57 TWIN-AMP™

The '57 Twin-Amp™, one of the most collectible amps of all time, is the latest member of our acclaimed Custom Series family. Its harmonically rich clean tones are great for vintage rock, blues and country; crank it up for fat, sophisticated distortion. This all-tube combo amp has hand-wired circuitry; we've even reproduced the 1955-57 edition "low powered" 5E8A circuit, which puts 40 watts into a pair of 12" alnico-magnet speakers. Power comes from a pair of GT6L6 output tubes and Fender's® rarely seen mid-'50s dual rectifier arrangement (using 5U4 rectifier tubes). With this design, power amp compression or "sag" is more subtle than in many Fender® tweed designs. The Twin's preamp contains four high-gain 12AX7 tubes, three of which may be substituted with 12AY7s for the original '50s low-gain sound. An internal bias pot allows easy substitution of various 6L6 types. Control panel details include normal and bright volumes, four inputs (two normal; two bright), treble, bass and presence knobs. The '57 Twin's finger-joined solid pine cabinet resonates with a warm, woody tone. The amp is covered in genuine lacquered tweed fronted with vintage brown/gold grille cloth. Leather strap handle on top and fitted cover included.

814-0500-000	'57 Twin-Amp™, 120V	\$3,999.99

'57 DELUXE™

The original Fender® Deluxe™ amp of the '50s was a medium powered unit which found its way onto countless smokin' hot live and recorded performances. Over the past five decades, from Memphis to Liverpool to Texas, players of every conceivable style have employed this awesome tone machine for its unmistakable warm and rich tube tone. An authentic recreation of one of the most beloved guitar amplifiers of all time, the '57 Deluxe™ is a 12 Watt, handwired tube amplifier with a 12" Jensen® P12Q speaker. A pair of 6V6 output tubes, acclaimed 5E3 circuit, and solid pine cabinet all contribute to the Deluxe™ amp's resonant touch sensitive performance. Vintage fitted cover included.

● '57 CHAMP®

The Fender® Champ® amp of the late 1950s is well known as the small-but-mighty tone machine that belongs in every serious guitarist's collection. The tweed Champ is a terrific 5-Watt practice amp, and has been a prized possession of countless pro players for its great sounding, low output, easy-to-record capabilities. Most people like to turn the amp's volume all the way up, and manipulate the guitar's controls for a variety of sounds from pristine clean to swampy overdrive. It's a uniquely inspiring, complex reedlike voice. This faithful hand-wired recreation of the 1957 Champ Amp is not just for collectors or retrominded guitarists. Any player seeking the ultimate in low-powered, top-quality tube performance need look no further!

● '59 BASSMAN® LTD

The '50s Fender® Bassman® was the pro bassist's answer to amplifying a great new invention: the Fender® Precision Bass® guitar. This powerful 50-watt rig could easily compete with the common instrumentation of the day: horns, piano, four-piece drum kit with calfskin heads, and maybe even an electric guitar through a nice, new 10-watt amp! By the '60s and '70s, the original all-tube "Tweed" 4x10 Bassman® was popular with rock, country and blues guitarists as a reliably great-sounding and easy-to-use guitar amp. Even some emerging British amp designers of the day copied its circuitry for use in their most celebrated designs. In the '90s, Fender® released an affordable reissue of the now-collectible '59 Bassman® amplifier to massive acclaim. Many guitarists, tired of experimenting with preamps, equalizers, and effects racks, rediscovered the simple pleasure of plugging into a Fender® tube amp. The Bassman's® wide stage coverage, touch-sensitive dynamics and full-frequency "swirl" make it the perfect vehicle for building a great tone with almost any guitar or effect. The reissue Bassman® continues to be a staple of the Fender® guitar amp line to this day.

● '65 SUPER REVERB®

This faithful recreation of the legendary Blackface™ Super Reverb® from the 1963-1968 era is a must-have for vintage enthusiasts and Strat® guitar slingers, but players of all styles enjoy its shimmering tone. The 45-Watt Super Reverb® Amp's medium output and stage-filling sound make it the perfect amp to crank up for unmiked club gigs or on a concert stage. Features include a pair of 6L6 Groove Tube® output tubes, one 5AR4 rectifier tube, four 12AX7 preamp tubes, two 12AT7 tubes, four 10" 8-ohm Jensen® P10R speakers with alnico magnets, dual channels (normal and vibrato), tube-driven Fender® reverb, tube vibrato, two-button footswitch for reverb and vibrato on-off, black textured vinyl covering with silver grille cloth, and tilt-back legs.

● '65 TWIN REVERB®

This amp has seen action in every imaginable musical venue and continues its musical legacy today! Whether you play rock, jazz, country, or whatever, this is what a clean electric guitar sounds like! Or add an upside-down Stratocaster® guitar and a fuzz box ... Our 85-Watt Vintage Reissue of the '65 Twin Reverb® features four 6L6 Groove Tube® output tubes, four 12AX7 preamp tubes, two 12AT7 tubes, two 12" 8-ohm Jensen® C-12K speakers, dual channels (normal and vibrato), Fender® reverb, vibrato, two-button reverb and vibrato on-off footswitch, tilt-back legs, black textured vinyl covering and silver grille cloth.

● '65 TWIN CUSTOM™ 15

The '65 Twin Custom™ 15 is a welcome addition to our venerable Vintage Series amplifier line. This all-tube combo amp couples an 85-watt '65 Twin Reverb® Reissue chassis with an enlarged cabinet and single 15" speaker instead of the usual pair of 12's. The Twin's vibrato, reverb and crystal clean tones are great as always, and the 15's extra-fat clear bottom end, smooth treble and high power handling are a godsend. In partnership with Eminence®, we created an updated speaker based on the now-collectible JBL® D130F model used by Fender® in the '60s and '70s. This driver's cast frame, shallow cone, high flux density, large voice coil and aluminum center cap delivers clean, precision performance for steel, jazz and country players (among others!). The speaker's 3D bass and treble separation will amaze you! Other features include a metal badge on the grille, two-button reverb/vibrato footswitch, removable casters, nickel hardware, heavy-duty textured black vinyl covering with silver grille cloth, and an embroidered cover.

ACOUSTASONIC™ 30 DSP

Fender® Acoustasonic™ series amplifiers are the undisputed champions of the acoustic amp arena! The Acoustasonic™ 30 DSP (an upgraded version of our top-selling Acoustasonic 30) is a portable, easy-to-use combo amp designed for natural-sounding reproduction of electric-acoustic guitar and vocals. Onboard DSP effects add extra versatility and excitement to an already-great formula. The 30-watt power amp drives an 8” foam-surround low-frequency driver and a high-frequency tweeter; the instrument and microphone channels each contain individual EQ controls, phase switches for feedback reduction, FX select and FX level. Our patented String Dynamics™ control tames harsh treble notes on the instrument channel, and the feedback notch control removes most feedback problems. Phantom power is supplied at the XLR mic input, and the professional XLR line output with level control and ground lift allows perfect direct input to any mixer. DSP effects include reverb, delay, chorus, vibrato and more, all optimized especially for acoustic performers. The Acoustasonic™ 30 DSP is dressed in our distinctive Brown/Wheat cosmetic treatment. Optional two-button footswitch allows FX on/off for each channel.

BASSMAN® TV™ FIFTEEN COMBO

Fender's new Bassman® TV™ series carries the DNA of the original '50s-era Bassman amplifiers, delivering world-class sound in a package designed to handle the demands of low bass frequencies. With a unique look that is unmistakably Fender, Bassman TV amps are sure to class up any stage, cutting through the mix and the monotony of a world full of black boxes. The tube preamp is classy and simple, with black chicken head knobs sitting on top of a chrome chassis. It feels like looking down at the dashboard of your favorite muscle car, while the red jewel light glows, signifying "I'm ready to jam." Two instrument inputs provide both a normal and a padded input stage, accommodating basses of various output levels. But don't be afraid to lean into it. The more you push these amps, the more they push back. The Bassman TV Fifteen offers gain, bass, mid and treble knobs, "deep" and "bright" switches and a Master Volume—and ups the ante with 350 watts of power and removable casters to make transportation easy. The TV Fifteen has a booming 15" speaker that delivers the fantastic depth you can only get from a driver that large—you're moving major air. There is one indispensable modern luxury—an XLR output that lets you send a direct signal to recording or live performance gear. That way, you get the best of both worlds—classic Fender bass look and sound and easy compatibility with modern recording and PA systems.

BASSMAN® TV™ DUO TEN COMBO

Fender® Bassman® TV™ bass combos carry the DNA of the original Bassman, delivering classic Fender bass tone in a package designed to handle the demands of low bass frequencies. With a unique look that is unmistakably Fender, you are sure to class up any stage and cut through the monotony. The Bassman TV Duo Ten offers a warm old school bass tone delivered through a tight sounding pair of 10" drivers. A nice blend of warmth and focus, the Duo Ten is an amp that will keep your bass sitting fat in the middle of the mix. The warmth of its tube preamp and passive tone stack result in huge bass tone that can be pushed on removable caster wheels. Bring up the gain control for more bite. Engage the deep and bright switches to expand the full range spectrum of your tone. The Precision Bass® guitar was born in 1951, forever changing music and giving birth to a new kind of musician, the electric bassist. Maximizing this amazing new instrument was the mighty Bassman, the original electric bass amplifier. Since that initial inspiration many new musical chapters have been written. Now it's your turn. • TB-1200 HEAD

TBFS-4 Footswitch Included.

The PRO series TB-1200 combines 1,200 watts of earth-shaking power with total tonal finesse and versatility to produce thick, natural and balanced Fender® bass tone that sits perfectly in the mix, be it recording studio, club gig or concert stage. Based on the acclaimed TBP-1 tube bass preamp, the key to its sound is the passive tone stack...the backbone of classic Fender guitar and bass amps--in which each control knob setting affects the sound of the other controls, producing big, warm notes that are the natural sound of a bass guitar. An overdrive section (Gain, Volume and Blend) sits on top of the clean channel, allowing you to dial in tones from a subtle grind to full on overdrive. Vari-Q™ is a smart semi-parametric EQ with a user selectable frequency and a cut/boost of 15 dB. When boosting frequencies, it automatically widens the focus of the Q for a broader, more musical boost. When cutting frequencies, it automatically narrows the focus of the Q for a well-defined cut (notch). This intelligent Q control keeps "on the fly" operation simple and effective. Room Balance is a global EQ shift for cabinets/ stage response. Clockwise turn cuts lower end frequencies while simultaneously raising upper frequencies. Counter-clockwise brings up lower end frequencies while simultaneously lowering upper frequencies. This knob does not affect the XLR out, so you can "dial in the stage" while giving the soundman an unaltered signal. Free your mind and your bass will follow. Four-button TBFS-4 footswitch included.

• TB-600C COMBO

TBFS-4 Footswitch sold separately

TB = Tube Bass! The TB family provides professional bass amp solutions for players who are looking for a thick, natural and balanced tone that sits fat in their live or studio mix. Based on the critically acclaimed TBP-1 tube bass pre-amp, the key to its creamy tone is a passive tone stack, the back bone of classic Fender® guitar and bass amps. A passive tone stack has an interactive nature, with each knob affecting the others, resulting in big warm notes that represent the natural sound of the bass being played. The TB 600C combo delivers 400 watts to its internal 8 Ohm load, 600 watts when paired with any 8 Ohm external cabinet.

810 PRO CABINET

The 810 PRO is the biggest, baddest cabinet a bass player can take into battle. Refinements include (4) chambered and ported sections of 2x10" Fender® Special Design Eminence® cast-frame drivers that deliver a pulverizing punch across the largest stages. Slide rails across the back make it easier to slide it in and out of a vehicle. The positioning of the handles and wheels is ideal for moving a large cabinet with ease. The high-frequency compression driver horn can be adjusted using the attenuator located on the back. Rated at 2,000 watts program (1,000 watts continuous), the thunderous 810 PRO will make your guitarist tremble in fear!

Part #	Description	MSRP
221-7200-010	810 Pro Speaker Cabinet, Cast Frame Speakers, Horn w/ Attenuator	\$1,899.99

610 PRO CABINET

The 610 PRO cabinet takes its cue from our popular 810 PRO cabinet, affording a similar sonic power and prowess in a package small enough to transport in most vehicles. Three chambered and ported sections of 2x10" Fender® Special Design Eminence® cast-frame drivers deliver power and focus that can handle most any musical application. The 610 PRO is preferred by bassists who find an 8x10 too large for medium-size venues. Slide rails across the back make it easier to maneuver in and out of a vehicle. The positioning of the handles and wheels is ideal for moving a large cabinet with ease. The high-frequency compression driver horn can be adjusted using the attenuator located on the back. Rated at 1,600 watts program (800 watts continuous), the 610 PRO delivers stadium power with around-the-town portability.

215 PRO CABINET

The 215 PRO cabinet takes its design cues from our popular 810 PRO cabinet. Using the same footprint as the 610 PRO, the 215 PRO delivers the giant wallop of (2) large 15" Fender® Special Design Eminence® cast-frame drivers responsible for the big, round sound of old-school rock. The high-frequency compression driver horn adds brilliance and can be adjusted using the attenuator located on the back. Slide rails across the back make it easier to maneuver in and out of a vehicle. The positioning of the handles and wheels is ideal for moving a large cabinet with ease. Powerful, focused and deep tone at your fingertips. Rated at 1,600 watts program (800 watts continuous), the 215 PRO delivers old-school tone in high-volume situations.
