## NEW JOE SATRIANI ALBUM TO BE RELEASED

Enclosed is the latest price list for Ibanez Electric Guitars. You'll be glad to know that this price list contains no price increases, but it does have the very significant addition of prices for Joe Satriani's JS Series guitars which were not in the last '92 price lists.\*

This is especially important right now as the Grammy winning, platinum selling guitar wizard has an incredible guitar instrumental album coming out, the *Extremist*. Backed by a unparalleled rhythm section that features brothers Matt and Gregg Bissonette and other fine musicians (including Tama Artist Simon Phillips on two cuts), Joe's playing is extraordinary. In Joe's own words, "There's a lot to listen to. I'm raging on top and there's this huge sound of Greg and Matt. We play in a variety of styles, but it never stops being a rock power trio. In one way, it's more refined, but in another, it sounds like all hell breaking loose."

The July Fourth weekend will see the release of the first album single, "Summer Song" and the entire album will be out July 21. Because of the importance of this event, Joe will be featured on the cover of the August issue of *Guitar for the Practicing Musician* (on the stands in July) and the cover of the September issue of *Guitar Player Magazine*. Both Ibanez and Relativity Records will be heavily promoting and advertising Joe's new work, the upcoming tour, and Ibanez guitars.

All of the touring, interviews, advertising and airplay will generate heavy interest in your guitar playing customers for Ibanez guitars--especially the JS series--and this excitement will translate into sales.

Joe recorded the *Extremist* --and also will be touring--using all of the locking tremolo and fixed bridge JS models. The new album, combined with a resurgent interest in fixed bridge guitars and a \$999.00 list price, makes the mahogany bodied JS6 a must-display for your store. Joe will be pictured constantly with the limited edition JS3, JS4, and JS5 guitars which feature original artwork by Donnie Hunt, and Joan and Carol Satriani. And for your customers who are looking for solid colors, matching headstocks and our popular hum-sing-hum pickup configuration, the JS1 is the top-selling JS guitar.

Joe Satriani is the guitarist that brought instrumental music back to radio playlists; he's the biggest inspiration to today's guitarists; and this new album and its promotion will bring those guitarists to your store this summer, in the fall and beyond. **For ordering information on JS guitars, call your Hoshino territory sales representative or our Inside Sales Dept. at 1-800-NOW IBAN (1-800-669-4226)**

\*please note: on the new price list the TR body wood should be listed as "Basswood".
